Acknowledgements

This manual has been prepared as a part of the International Network for Sustainable Energy (INFORSE)–South Asia project for “Capacity Building of NGOs for Poverty Reduction in South Asia through Sustainable Energy Solutions”, funded by ‘The NGO Counselling Service’, Denmark. The main partners of the project are: INSEDA (India); Grameen Shakti (Bangladesh); CRT/N (Nepal); IDEA (Sri Lanka); AIWC and SDA (India); OVE (Denmark) and DIB (Denmark).

The Regional Coordinator, INFORSE -South Asia wishes to acknowledge the contribution of several individuals and organizations who contributed through ideas and comments etc., as well as by providing write-up on best practices and case studies related to sustainable energy solutions, and support and feedback for the revision and finalization of this manual. The names of some of the major contributions, are mentioned below:

WAFD (India) who is grassroots NGO member of INSEDA and INFORSE, for providing critical inputs, as well as, for the on going and logistic support in the preparation of the preparation of this NGO Guide for the formulation of project on Sustainable Energy Technologies.

The INSEDA- INFORSE SA-RSU Team members who provided logistic, back-up and other ongoing support in the preparation of the NGO Guide for project formulation on SETs are, Nalin Chester, Sanjiv Nathan, J. K. Sharma and Rajender Kumar.

Major assistance provided by the INSEDA team consisting of Sanjiv Nathan to the Regional Coordinator, INFORSE, South Asia-cum-Project Director (Regional Support Unit-RSU), in the layout and proof reading this Guide in the final form as well as assisting in the layout of the design.

Engr. Raymond Myles
Regional Coordinator (INFORSE-South Asia) and
Project Director (INFORSE Regional Support Unit-RSU)
